Our Form Policy

We understand that forms are required for school, sports registration and more. We would like to inform you of our form procedures regarding any forms that will need completion. We are hopeful that this will facilitate in preventing any frustrations that may occur during these hectic seasons. Please review the Information provided below and we thank you for your cooperation.

- Please be sure to bring all forms that need to be filled out to your appointment. We cannot guarantee that we will have the forms you need, as each town/school etc. are different.
- Please allow 5-7 business days for forms to be completed.
- Forms are filled out in the order in which they are received.
- All parent and student sections **MUST** be filled out prior to your completion.
- Please note that most forms, unless clearly specified, require an updated physical within ONE YEAR – please call us ahead of time if you are unsure when your child’s last physical was.
- For HIPPA compliance reasons we prefer that parents pick up their child’s forms, however, we understand that due to busy schedules this cannot always occur. If you prefer to have your forms mailed, faxed, or emailed to you we **MUST** have a consent on file.
